The Moon this month:  
 Oct 5<sup>th</sup> : full moon  
 Oct 12<sup>th</sup> : last quarter  
 Oct 19<sup>th</sup> : new moon  
 Oct 28<sup>th</sup> : first quarter

The Sun rises in the east  
 and sets in the west

EAST

To find e.g. stars in the east,  
 face east and turn the map,  
 so that **EAST** is at the bottom.
