

# THE SOUTH AFRICAN EARLY EVENING SKY MID SEP 2017

To find e.g. stars in the east,  
face east and turn the map  
so that **EAST** is at the bottom.

CONSTELLATION NAMES  
ARE CAPITAL LETTERS;  
star names are lower case.

Use binoculars to look for ...

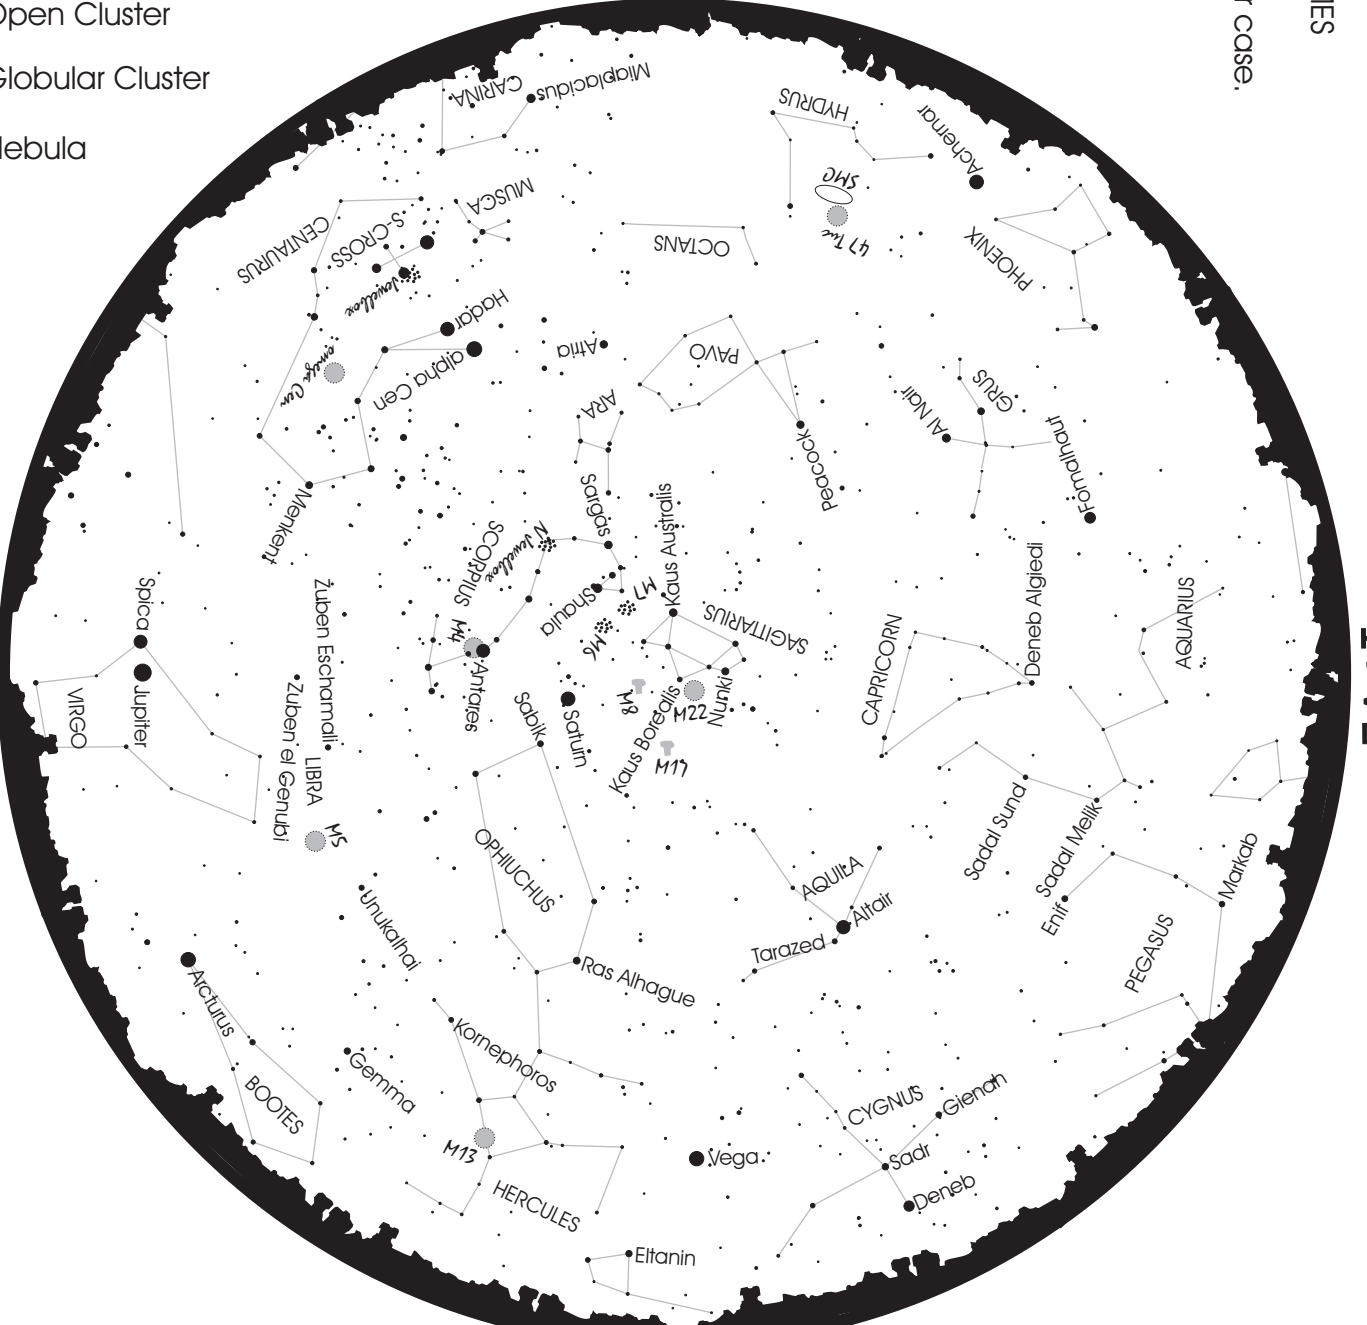

- Galaxy
- ✦ Open Cluster
- Globular Cluster
- ☄ Nebula

## SOUTH

## WEST

## EAST

## NORTH
